What is Sparx Reader homework?

- Sparx Reader is an online platform designed to promote regular reading practice and build reading confidence.
- After completing a reading assessment, students will have access to an online library of books aimed at their reading age to promote progress.
- Students are expected to read for around 60 minutes per week, achieving **300 Sparx Reader Points (SRP)** by reading carefully and answering comprehension questions correctly.

How can you achieve success with your homework?

- Give yourself enough time to complete your homework. We suggest reading for 20 minutes per day.
- Be honest during initial assessments to ensure book recommendations are appropriate.
- Don't rush—focus on accuracy to maximise SRP points.
